Restrains	
-----------	--

SITUATION	APPLICATION RATE	CRITICAL COMMENTS
For general Insecticides, Herbicides, Fungicides		
High Volume Power Spray	100 mL per 100 L	Always consult the pesticide label for exact application rates
Low Volume Boom Spray	40 mL per 100 L	
Misting Machine	5 mL per 5 L	
Knapsack	2 mL per 15 L	
For Contact Herbicides – e.g. Paraquat		Spray until stems and leaves are wet. These higher rates ensure the plants are thoroughly wetted.
High Volume Power Spray and Boom Spray	120 mL per 100 L	
Knapsack	20 mL per 15 L	
For Selective Herbicides i.e: "dims and tops"	200-250 mL per 100 L	Using Genfarm Genwet 1000 outside pesticide label directions may reduce selectivity. DO NOT add Genfarm Genwet 1000 when mixing diclofop with a broadleaf herbicide
Soil Residual Herbicides e.g.:diuron	100-400 mL per 100 L	See pesticide label for exact rates.

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

Precautions	
-------------	--

Protections	<p><b>PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT</b></p> <p>Toxic to fish. DO NOT contaminate streams, rivers and waterways with the chemical or used containers.</p>
-------------	--

Storage and disposal	<p><b>STORAGE AND DISPOSAL</b></p> <p>Store in closed, original container in a cool, well ventilated area. Do not store for prolonged periods in direct sunlight.</p> <p>Leaflet</p> <p>The method of disposal of the container depends on the container type. Read the 'Storage and Disposal' instructions on the label that is attached to the container.</p> <p>Non-returnable containers only</p> <p>Triple or preferably pressure rinse containers before disposal. Add rinsings to the spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. DO NOT burn empty containers or product.</p> <p>100, 110L</p> <p>Do not remove or tamper with the dry valves or security seal. Do not contaminate the drum with water or any other foreign matter. After each use of the product ensure that the dry valve coupler, delivery system and hoses are disconnected, triple rinsed with clean water and drained accordingly. When the drum is empty remove the dry valve coupler and return to the point of purchase.</p> <p>Refillable containers</p> <p>Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.</p>
